Freewell Eiger filtr Glow Mist 1/4

Ref: 41389

Freewell Eiger Glow Mist 1/4 Filter

The Freewell Eiger Glow Mist 1/4 Filter is an essential accessory for filmmakers aiming to impart a cinematic character to their images and videos. How does it work? It delicately diffuses light in illuminated areas, concurrently reducing contrast and smoothing skin details. Thanks to this filter, your materials will gain in quality. The package also includes an elegant leather imitation case and a cleaning cloth for your convenience.

Included:

Glow Mist 1/4 Filter

Storage case

Cleaning cloth
