Teclast P30T 10.1" 4/128 GB WIFI tablet (gray)

Ready for a new quality of multimedia activities? The Teclast P30T tablet combines sleek design and powerful technology to deliver excellence in entertainment and work. Sleek dimensions of 242.4 mm x 161.3 mm x 8.1 mm and a weight of just 444 g make it extremely portable, making it great for when you're often on the go. The 10.1-inch INCELL display with a resolution of 1280x800 pixels offers bright and clear images, ideal for browsing the web, reading e-books or watching movies.

Discover a world of cinema-quality

The 10.1-inch IPS screen guarantees wide viewing angles and excellent brightness, with crisp images thanks to its 1280x800 pixel resolution. The exceptional responsiveness provided by TDDI and In-cell technology is combined with smooth interaction thanks to 120 Hz touch sampling. In addition, with support for Widevine L1, the Teclast P30T enables secure access to HD and UHD content from leading streaming platforms such as Amazon Prime Video and Disney+, offering not only vivid colors, but immersive picture quality for any movie or series.

Crystal clear audio

The Teclast P30T tablet offers incredibly clear and full sound that will take your audio experience to the next level. Two 10.1-inch PureSound speakers are configured to deliver stereo sound. In addition, independent Digital Amplifier chips allow you to achieve loud and

refined sound, whether you're listening to music, watching a movie or playing a game. And the built-in 3.5mm headphone jack makes it easy to connect your favorite headphones for complete immersion and maximum comfort.

#### Communication without interference

Discover a new quality of communication with dual noise-canceling microphones. The system ensures effective minimization of ambient noise for clear and crisp communication. Backed by Allwinner's acoustic echo cancellation (AEC) technology, the tablet optimizes voice reception by selecting it from background sounds. Such a solution guarantees perfect audio clarity during calls, meetings, video recording and other activities where message clarity is crucial.

#### Energy for the whole day

The tablet is equipped with a heavy-duty 6,000 mAh battery that guarantees long hours of use without a charging interruption. Whether you're immersed in intense gaming, watching online video, browsing the web or reading e-books, you can count on uninterrupted tablet performance. What's more, the P30T is equipped with a convenient and versatile USB-C port to further enhance the user experience.

#### Even faster connection

The P30T sets new standards in connectivity with its support for the latest Wi-Fi standard 6. You can now experience an even faster internet connection with less latency thanks to dual-band Wi-Fi in the 2.4 GHz and 5 GHz bands. This is a definite step up from the previous generation of Wi-Fi 5. In addition, thanks to Bluetooth 5.0 and support for LDAC encoding formats, the Teclast P30T provides higher audio quality, which significantly enhances the audio experience. Thanks to these technologies, the Teclast P30T tablet guarantees not only performance, but also an unparalleled user experience, whether transferring data or listening to music.

#### Capture nice moments

The Teclast P30T tablet lets you capture more moments with its advanced 5MP AI dual camera system on the rear panel. Artificial intelligence supports your creativity, making each photo crisp and full of detail. With an additional flash, low-light photography becomes simple and efficient, providing great quality photos even in challenging lighting conditions. There's also a 2MP high-definition video call camera on the front of the tablet, making every video conference bright and clear.

#### Performance tailored to your needs

Thanks to the Allwinner A523 processor, which combines eight A55 cores with 1.8GHz and 1.4GHz frequencies, the Teclast P30T provides smooth operation and adequate responsiveness for a variety of applications. 4 GB of RAM and 128 GB of data storage (ROM) space, expandable up to 1 TB with a Micro SD card, allow you to store a large number of files and applications. Android 14 guarantees access to the latest features and applications, enhancing personalization and security capabilities.
