

Filter Freewell Glow Mist 1/8 V2 Series

Filter Freewell Glow Mist 1/8 V2 Series

Ref: 6972971865084

Freewell V2 Series Glow Mist $\frac{1}{8}$ diffusion filter.

The Glow Mist $\frac{1}{8}$ filter is a must-have tool for anyone who wants to achieve subtle, artistic and sophisticated effects in their photos. It's ideal for portraits and a variety of scenes, adding softness and an otherworldly aura that creates a dreamy atmosphere and elevates cinematic charm. The filter is distinguished by its sturdy, thoughtful design, making it ready for immediate use.

Subtlety in every detail

By using the Glow Mist $\frac{1}{8}$ filter, your photos will acquire a unique subtlety that cannot be achieved by other means. Contrast reduction will give you an extremely dreamy and cinematic effect that will make your photos unique. This filter is perfect for shooting portraits and in situations where you want to get exceptionally atmospheric shots.

Robust design and compatibility

The filter was created with high-quality materials, and its magnetic design makes it easy to install and use. It works with the VND filter system from Freewell's V2 series, so to enjoy its full functionality, make sure it will be compatible with your equipment.
