Teclast P30 10.1" 4/64 GB WIFI Tablet (blue)

Ref: 6940709686201

Teclast P30 Tablet

The Teclast P30 Blue tablet features a 10.1-inch IPS screen that offers a resolution of 1280 × 800 pixels. The screen's 16:10 aspect ratio is optimal for both watching videos and working with documents, making it a versatile tool for users. The use of Teclast T-Colour technology ensures high image quality, with intense and realistic colors and a good level of detail. Brightness of 300 nits allows comfortable use of the tablet even in well-lit rooms, reducing glare and improving readability.

Performance and memory

The Teclast P30 Blue runs on an octa-core A55 processor, which delivers significantly better performance compared to traditional quad-core processors. This powerful CPU allows you to run applications, browse the Internet and play games smoothly. The 4GB of LPDDR4X RAM, expandable up to 10GB, ensures that the device is fast enough for multitasking. What's more, 64 GB of ROM will allow you to safely store important data. In addition, the tablet supports microSD cards up to 1TB, allowing you to expand your storage and seamlessly store more files.

Connectivity and battery

Zaawansowane opcje łączności, w tym Wi-Fi 6 i Bluetooth 5.4, gwarantują szybką i stabilną komunikację z siecią oraz innymi urządzeniami. Bluetooth 5.4 oferuje również ulepszone wsparcie dla zaawansowanych kodeków audio, co poprawia jakość przesyłanego

dźwięku. Wielka pojemność akumulatora 6000 mAh pozwala na długotrwałe użytkowanie tabletu – do nawet 8 godzin oglądania filmów lub przeglądania internetu, co czyni go idealnym narzędziem zarówno do pracy, jak i rozrywki na dłuższe podróże.

Multiple capabilities

Two advanced camera systems, both front and rear, equipped with AI technology, adjust camera settings to ensure the highest quality photos. The rear camera, with quick focus and LED flash support, allows for bright and clear photos even in low-light conditions. The front camera, with facial recognition, makes it easy to log in securely and quickly.

Crystal clear audio

The Teclast P30 tablet offers extremely clear and full sound that will take your audio experience to the next level. And the built-in 3.5mm headphone jack makes it easy to connect your favorite headphones for complete immersion and maximum comfort. What's more, with noise-canceling microphones, it ensures effective minimization of ambient noise for clear and crisp communication. Thanks to precise AI algorithms, this feature enhances voice clarity, enriches communication and improves recognition of voice commands.

Thoughtful design

The tablet's modern design with a thickness of 8.7 mm and a weight of 544 g makes it extremely portable and comfortable to use. The sleek blue color of the case further emphasizes the stylish nature of the device, making it an attractive choice for those who appreciate aesthetics.

Available inputs and charging

The tablet is equipped with a universal USB-C port for charging. In addition, the presence of a traditional headphone input and a Micro SD card slot enhances the device's functionality, offering flexibility in using a variety of accessories and storage.
