RGB LED light bar Avatto SLB01 Tuya

The Avatto SLB01 RGB LED light bar will help you create a unique atmosphere in any room. It will be a perfect addition to any gamer's desk, and placed behind the TV, it will provide a fascinating ambient effect that will elevate the movie-watching experience. It offers up to 8 colors, 4 music modes and 21 dynamic modes that will allow you to adjust the lighting to suit your mood, occasion or even the time of day. With compatibility with voice assistants and apps, controlling the lighting will be even easier.

The perfect ambience at your fingertips

Transform any space into a spectacle of light with the Avatto SLB01 Tuya. With a palette of 8 colors and 21 dynamic light modes, the beam allows you to create the perfect atmosphere for any occasion. Whether it's a romantic dinner, a dynamic party or a relaxing evening, the Avatto SLB01 will provide just the right lighting for any situation.

The control you like

Forget about getting up from the couch to change the lighting settings. The remote control allows you to quickly change modes and colors without any fuss. In addition, the light bar is compatible with the Tuya Smart and Smart Life apps, allowing you to control the light with your smartphone wherever you are.

Support for voice assistants

The Avatto SLB01 works with popular voice assistants such as Google Assistant and Amazon Alexa. You can easily control the lighting using just your voice! With a simple voice command, you can adjust brightness or change colors.

Music that brings the light to life

With 4 music modes, the Avatto beam synchronizes with music to create dynamic visual effects that blend perfectly with the sounds. It's the perfect choice for any event, where light and sound combine to lift the mood.
