Flextail Zero Mattress R05 inflatable mattress

Flextail Zero Mattress R05 inflatable mattress
The Flextail Zero Mattress R05 is the perfect solution for those looking for a comfortable and functional mattress for camping or trekking trips. Designed for maximum functionality - it combines durable materials and a lightweight, portable design for unparalleled comfort and thermal insulation.

Convenience and ease of use
The Zero Mattress R05 is not only comfortable, but also very easy to use. Its structure is designed to provide maximum comfort while sleeping or resting, and its dimensions of 183 x 65 x 7 cm guarantee full support and proper body alignment. What's more, pumping the product is very easy and fast - it won't take you too long.

Optimal thermal insulation
The mattress is distinguished by a high coefficient of thermal resistance (R-Value) of 5.6. This means that it offers excellent thermal insulation - it provides the best results in temperatures down to -7°C, but will perform well even at -18°C. This is ideal for colder nights - it guarantees warmth and comfort regardless of the conditions. Zero Mattress R05 is a mattress you can use all year round!

Hassle-free transportation

Flextail Zero Mattress R05, despite its sturdy construction, is extremely easy to transport. When deflated, it takes up very little space (13 x 27.5 cm), making it an ideal choice for people who don't like to carry around too much luggage. You can easily fit it in your backpack!
