

Selfie lamp Neewer NL-60AI Bi Color LED

Selfie lamp Neewer NL-60AI Bi Color LED

Ref: 6976831830199

Neewer NL-60AI Bi Color LED Selfie Lamp

The Neewer NL-60AI Bi Color LED is a compact and lightweight lighting solution that is not only perfect for taking selfies but also works well during video conferences and live streams. Thanks to its small dimensions (104 x 75 x 11.8 mm) and weight of just 139 g, the device is easy to carry and can always be on hand, ready for use.

The Lighting You Need

The lamp is equipped with 60 SMD LED diodes that provide steady, flicker-free light with brightness adjustability from 10% to 100%. Moreover, the ability to quickly switch between warm, cool, and neutral lighting allows for optimal adjustment to the current conditions and needs. A high CRI rating of 95+ deserves mention as well, ensuring excellent color reproduction.

Mobility Thanks to the Built-in Battery

The built-in 2000 mAh battery allows for hassle-free use of the lamp anywhere at home and beyond. The device can operate for about 2 hours at 100% brightness, and it only takes about 3 hours to fully charge. You can recharge the product using a USB-C or micro USB port, allowing the use of various power sources such as wall chargers, power banks, or computers.

Simple Mounting

The lamp offers two mounting options: using a round clip that can be attached to a tablet or laptop (up to 18 mm thick), and using a phone holder that fits smartphones ranging from 52 to 85 mm wide. Additionally, two 1/4" threaded holes allow for installation of the product on any tripod, increasing its functionality in various photographic and video scenarios.

Included in the Package

Lamp
Front mounting clip
Phone holder
Micro USB cable
User manual
