

E-Bike Battery, Green Cell, EBIKE31STD, 7.8Ah (281 Wh), E-Bi

Ref: 5907813962493

E-Bike Battery, Green Cell, EBIKE31STD, 7.8Ah (281 Wh), E-Bike 36V

E-Bike Battery, Green Cell, EBIKE31STD, 7.8Ah (281 Wh), E-Bike 36V

Looking for the right battery for your electric bike? Don't let anything stop you and opt for a power source that will provide you with excellent performance on every ride! Green Cell Li-Ion cells guarantee long distance on a single charge, and their reliable operation is ensured by an advanced BMS management system. The battery is compatible with motors up to 250 W, and thanks to the accessories included in the set, its installation won't be a problem. In the package, you will also find a dedicated charger and keys for the anti-theft lock.

High Capacity, Impressive Range

Utilize the full potential of your electric bike. The Green Cell battery features a capacity of 7.8 Ah, providing long lifespan and a very large range. During calm rides, it allows for up to 80 km on a single charge, and at maximum performance, it offers a range of up to 40 km (average values for standard 250 W motors). Don't worry that your journey will end too quickly!

Reliability and Safety

The EBIKE31STD model is equipped with an advanced battery management system (BMS), which continuously monitors its operating parameters. Thanks to this, it is effectively protected against deep discharge, overcharging, and overheating, among other things. All of this translates into reliability during rides and safe charging!

Hassle-Free Installation

Don't worry about compatibility issues or battery installation. The EBIKE31STD model uses electronics that cooperate perfectly with most bike models available on the market. Furthermore, in the set, you will find several essential accessories enabling easy and quick installation of the product. The battery is compatible with Bafang, BMZ, Bosch, Brose, Fauza, Giant, Impulse, Panasonic, Shimano, Specialized, Yamaha, etc. motors, as well as with Ecobike, Gazelle, Giant, Yamaha, Haibike, Kalkhoff, Lovelec, Prophete, Merida, and other bikes. Note: the product is not compatible with motors with recuperation.
