

Wall charger, Vention, FEPB0-EU, USB-C, 20W, GaN (black)

Ref: 6922794782099

Wall charger, Vention, FEPB0-EU, USB-C, 20W, GaN (black)

Power charger, Vention, FEPB0-EU, USB-C, 20W, GaN (black).

Get fast charging for your devices. The Vention charger offers up to 20W of power and supports standards such as PD, QC and PPS, for example. It also stands out for its compact design and wide compatibility. It also uses GaN III technology, which ensures its efficient and safe operation.

Fast charging

The charger is equipped with a USB-C port and can charge devices with up to 20 watts of power. It also supports various fast charging standards, including PD, PPS, QC, FCP and AFC. This will save you time! Now you can charge your phone in no time - forget about the long wait. What's more, the charger offers intelligent Trickle Charging mode, which prevents overcharging the battery, protecting it from damage.

Performance and safety

Thanks to the use of GaN III technology, the charger enables efficient yet safe charging. It will also not overheat. The solution used also made it possible to reduce the size of the product to just 33 x 33 x 57.4 mm. As a result, you can always have it with you - its transportation will not cause you any problems! The charger has also been protected against overheating and other hazards, and its housing is made of flame-retardant PC plastic.

Wide compatibility

With the help of the charger you can easily charge most of your devices. The product is compatible with many equipment from well-known brands, for example, phones, tablets, wireless headphones, Bluetooth speakers and smartwatches. With Vention you will forget about limitations!
