

Remote-controlled car 1:14 Double Eagle (green) Land Rover D

Ref: 6948061928625

Remote-controlled car 1:14 Double Eagle (green) Land Rover Defender E327-003

Double Eagle 1:14 remote control RC car (green) Land Rover Defender E327-003.

Discover a passion for classic off-road adventures with the Land Rover Defender RC model from Double Eagle. This piece is a licensed replica of the real Land Rover Defender in 1:14 scale, making it stunning in its detail and realism. It is an ideal choice for automotive and remote-controlled vehicle fans of all ages, providing hours of exciting fun both at home and in the field.

Thrilling design

Thanks to Land Rover's authorization, this model faithfully reproduces the design and structure of the real off-road vehicle, which guarantees the authenticity of every detail. It is not only a toy, but also a collector's model for admirers of this legendary brand. Simulated lights add to the realism of play, allowing for exciting adventures even after dark. It's a detail that highlights the model's attention to detail and practicality.

Advanced off-road design

Equipped with independent shock absorbers on all four wheels, the Land Rover Defender offers great freedom of movement and the ability to overcome difficult off-road obstacles thanks to all-wheel drive. This model combines elegance with functionality for a superior driving experience.

2.4 GHz connectivity technology

Remote control via a controller with 2.4 GHz connectivity ensures reliable communication with the vehicle, eliminating interference even when playing with multiple vehicles at the same time. This allows you to organize exciting races and off-road struggles without worrying about any obstructions.
