Gens ace Advanced G-Tech 5300mAh 11.4V 3S1P 100C HV car Lipo Battery Pack Hardcase with Deans Plug

Gens ace Advanced G-Tech 5300mAh 11.4V 3S1P 100C HV car Lipo battery Hardcase with Deans Plug

The Gens ace Advanced G-Tech 5300mAh 11.4V 3S1P 100C HV car Lipo Hardcase with Deans Plug battery (model GEA533S100DGT) is a highly advanced power source dedicated to model car applications where reliability and power are key. The 5300 mAh, 11.4-volt Lipo cell provides high energy efficiency for long driving sessions without the need for frequent charging. A maximum continuous discharge of 100C offers instant power delivery, which is important for racing and intense riding. The battery's hard case protects its interior from mechanical damage and external influences, which significantly extends the battery's life. Its weight of 376 g and dimensions of 137 x 46 x 37 mm make it easy to install and compatible with most RC models. In addition, the Deans plug guarantees a solid and secure connection to the vehicle's power supply.
