

Wireless mechanical keyboard Motospeed GK81 2.4G RGB

Ref: 6953460581333

Wireless mechanical keyboard Motospeed GK81 2.4G RGB

Motospeed GK81 mechanical gaming keyboard

The Motospeed GK81 gaming keyboard with red switches will satisfy even the most demanding gamers. Durable and wear-resistant, it will serve you well for a long time. It is also equipped with a practical knob for adjusting the volume. The keyboard can work both wirelessly and wired via a USB cable. The RGB backlighting gives it a unique gaming character.

Reliable mechanical keys

The device is equipped with 104 keys with red OUTEMU switches for comfortable operation and gameplay. They are extremely durable and resistant to damage. They're fingertip-friendly and responsive. With Motospeed, you can be sure that every keystroke will be properly registered.

Gaming backlighting

The colourful RGB backlighting is an eye-catcher and gives the keyboard a unique character. You can customise it to your liking by choosing from 18 available modes - just press the right key combination. With dynamic or monochrome backlighting, the GK81 keyboard will make a fantastic addition to your gaming zone.

The GK81 keyboard is fabulously easy to use. It is equipped with 12 function keys, enabling you to quickly mute the microphone, stop playback or start the calculator, among other things. What's more, there is a rotary knob in the top left corner of the device, which you can use to conveniently adjust the backlight brightness and volume.

2 connectivity options

Connect your keyboard the way you want. The included USB cable allows you to connect the GK81 to your computer via a cable. Prefer to go wireless? You can also connect the keyboard using the 2.4G USB receiver and enjoy almost unlimited freedom during gaming.

Designed with your gaming needs in mind

Treat yourself to a keyboard that will serve you perfectly for a long time. The GK81 is made of high-quality materials that ensure its durability and resistance to wear and tear. It also features an ergonomic design that allows you to play for as long as you like without worrying about wrist pain or fatigue.
