Motospeed CK61 Mechanical Gaming Keyboard

Get the edge over your rivals with the keyboard from Motospeed! The accessory supports anti-ghosting technology to prevent the accidental pressing of unwanted keys. Equipped with blue switches, it will perform well both at work and during games. It stands out with a long key life of up to 50 million clicks. In addition, the sealed construction prevents water ingress and damage to the accessory, and the 14 RGB backlighting modes give the CK61 a gaming touch.

Robust construction

The CK61 is a mechanical keyboard that stands out for its robustness. The device has 61 keys with a life span of up to 50 million clicks. In addition, its leak-proof design protects the CK61 from flooding. So you can use it even during the most exciting games without worrying about damage.

Compatible

Worried that the keyboard won't be compatible with your hardware? Don't be! The accessory has a USB 2.0 port, allowing you to connect it to a computer running Windows XP/7/8/10 / Mac OS.

RGB gaming backlighting

Complete your gaming zone with the Motospeed keyboard. The CK61 features RGB backlighting for a stylish look. Plus, you can choose between 14 modes to personalise the look of the accessory.
