Pokeball on bidon and mug

The ceramic mug and bidon set with graphics of the iconic Pokeball is the essence for real Pokémon trainers. The mug is made of high-quality ceramic, guaranteeing durability and elegance. Its capacity is perfect for a morning dose of coffee or your favorite tea, making the start of each day more pleasant.

The Pokeball graphic on the mug impresses with its detail and color intensity, transporting you to the magical world of Pokémon from the first glance. Each carved detail is a work of master craftsmanship, making the mug not only an everyday utilitarian item, but also a collector's treasure.

A bidon with the same graphic is the perfect addition to the set for active trainers who not only hunt Pokémon in the game, but also keep fit. Made of durable materials, the bidon ensures reliability even during the most intense workouts, and the presence of your favorite graphic allows you to immerse yourself in the world of Pokémon adventures even during a hot run or a grueling workout at the gym.

This unique set is not only a practical everyday item, but also a symbolic expression of devotion to the phenomenal world of Pokémon. Let every sip from the cup or gulp of water from the bidon remind you of the countless adventures that await every trainer on this amazing journey.
