Gaming mouse Havit MS956 RGB 1000-10000 DPI

Ref: 6939119057787

Havit MS956 gaming mouse

Beat your opponents in the game with ease and get better and better scores. The Havit MS956 mouse is equipped with a professional gaming chip PMW3325 and allows 6-step resolution adjustment up to 10,000DPI. The honeycomb casing makes it extremely lightweight, and the colorful customizable backlighting gives it a unique feel. The device also supports macro programming.

6-step resolution adjustment

The MS956 mouse will meet the expectations of even the most demanding gamers. The professional PMW3325 chip allows you to enjoy smooth, fast performance. You can also adjust the resolution of the device in the range of 1000 / 2400 / 3600 / 5000 / 7000 / 10 000DPI, so you can easily adjust it to your expectations and ensure the precision you dream of.

Programmable buttons

Want to further customize your mouse to fit your needs and habits? Take advantage of the dedicated software that allows you to program macro buttons. This way you can automate selected actions and make it easier to perform complex combinations of movements. Another victory is within your reach!

Incredibly lightweight

Now you can play even longer without fear of fatigue. The mouse is equipped with a perforated casing, which is reminiscent of a honeycomb. Thanks to this it is extremely light, which allows you to quickly and effortlessly perform even the most dynamic actions. Moreover, the device fits perfectly in your hand and provides comfort of use.

Colored backlighting

What else makes the MS956 mouse likely to appeal to many gaming enthusiasts? The pulsating, colorful backlighting that you can customize to your liking with special software. Among the 16 million colors you will surely find the perfect configuration for you!
