

## Charger GensAce IMARS III Pro GEA100WMPRO

Charger GensAce IMARS III Pro GEA100WMPRO

Ref: 6928493304952

### GensAce IMARS III Pro GEA100WMPRO Charger

The Imars III charger impresses not only with its functionality, but also with its extremely handy, small, portable design. It can charge various types of batteries with a maximum current of 5 A and a voltage range of 100-240 V. It is also equipped with an LCD display and 4 easy-to-use buttons, making it convenient to operate. You will also find a practical balancer included, which provides increased safety in the use of the product.

### Impressive performance

The device stands out for its impressive performance. It boasts a maximum charging power of 100W. That's not all - it can also charge your batteries at up to 26.4V. What's more, the charger offers a discharge current in the range of 0.1-1.5A.

### Charge any battery

Imars III is extremely versatile. With its help, you can charge LiFe, LiHV and LiPo batteries up to 6 S or NiMH batteries in the 3-18 S range. So you can use its remarkable capabilities in almost any situation.

### Enjoy the wide range of possibilities

The charger will surprise you with its versatility. It has as many as 3 practical functions that make using it easy, fun and useful. It not

only charges batteries intelligently, but also allows you to check the most important information about them. It also offers simple and quick access to its system settings.

#### Hassle-free operation

An additional advantage of the charger is its easy operation. All you have to do is plug it into a power source - the Imars III logo will be displayed, and after about 2 seconds the device will be ready for operation. With the help of special buttons you can, among other things, switch between modes. You will see all the most important information on a convenient LCD screen.

#### Take it anywhere with you

The charger is extremely compact and handy. It weighs only 0.4g, and its dimensions are only 146x87x40mm. You can easily fit it in your backpack or purse, or even put it in your pocket! Thus, it can accompany you almost anywhere - not only at home, but also at work or on vacation.
