Dareu LM135G Wireless Mouse (blue)

Dareu LM135G is the ideal mouse for anyone looking for a combination of style, functionality and reliability. It will make your daily work and entertainment even more comfortable and efficient. Advanced 2.4G connectivity technology guarantees stable wireless transmission, and the 1200 DPI resolution allows you to enjoy smooth, fast performance.

Fast and stable 2.4G connectivity

Thanks to 2.4G technology, the Dareu LM135G mouse guarantees a reporting frequency of 250 Hz for smooth and fast responses. It's perfect for users who need reliable hardware for tasks that require precision and lightning-fast performance.

Ergonomic design for maximum comfort

The LM135G is designed with user comfort in mind. Its compact dimensions of 98 x 62 x 37 mm and low weight of 69 g make it fit perfectly in the hand, minimizing fatigue even during prolonged use. In addition, the ergonomic shape with optimally placed buttons enhances convenience.

Precise tracking and speed of operation

The mouse is equipped with a sensor with 28 IPS tracking speed and 1200 DPI resolution. As a result, it provides exceptional precision

and smooth movement - it will be an ideal tool for both everyday office work and more demanding tasks, such as editing graphics or playing dynamic games.

Long-lasting work on a single charge

A 300 mAh battery is responsible for powering the mouse, which provides up to 35 hours of working time. So you don't have to worry about having to charge it frequently! The kit also includes a USB-A to USB-C cable, which will allow you to charge the device in just about 2 hours.

Compatibility

Dareu LM135G is compatible with Windows XP, 7, 8, 10 and macOS operating systems. This means that it will work perfectly with most computers or laptops from well-known manufacturers. Say goodbye to limitations and enjoy comfortable work or gaming!
