Samsung microSDXC PRO Ultimate 128GB 200 MB/s memory card (MB-MY128SB/WW).

If you're looking for a reliable memory card that will provide your electronic equipment with fast data access and efficient storage, the Samsung PRO Ultimate 128GB model is sure to meet your needs. This microSDXC card offers an impressive read speed of as much as 200 MB/s and a write speed of 130 MB/s for lightning-fast data transfers.

Speed and performance

The Samsung PRO Ultimate is a Class 10 and UHS-I/U3 card, which means it is geared for fast processing and storage of large files, such as high-resolution photos and 4K videos. With a Video V30 speed class, the card is ideal for video enthusiasts who want smooth video recording without risk of quality loss. In addition, the A2 application speed class ensures high performance when using applications, which is especially important for mobile devices.

Stability and security

The product from Samsung is not only performance, but also guarantees stability and data security. The card is designed for maximum protection of stored information, which is crucial for users who store important personal or professional data.

Compatibility and functionality

Although the card does not come with an included adapter, it is equipped with a reader, which definitely makes it easier to manage data on different devices. Thus, you can easily transfer your files between devices that support different types of memory cards. This is especially useful for those who use both computers and mobile electronic devices.
