Samsung 512 GB microSDXC PRO Ultimate memory card 200 MB/s (MB-MY512SB/WW)

The Samsung 512 GB microSDXC PRO Ultimate memory card is ideal for professionals and technology enthusiasts who want reliability, high speed and convenience. It provides excellent performance while maintaining a compact size, making it an excellent choice in the modern media market.

#### High data transfer speed

An impressive read speed of 200 MB/s and a write speed of 130 MB/s allow you to transfer large files, such as 4K videos or high-quality photos, in no time. With UHS-I/U3 and Class 10 classifications, the card provides excellent performance, especially for applications that require high write speeds, such as video recording or continuous shooting.

#### Optimized for applications and multimedia

The A2 application speed class demonstrates the card's high performance on mobile devices, which is crucial for launching and using applications. Video V30 class, on the other hand, provides optimal conditions for recording high-definition videos, which is essential for content creators and multimedia professionals.

#### Compatibility and convenience

The included card reader makes it much easier to use the card on various devices, eliminating the need for additional accessories. This is especially useful for users who transfer large amounts of data between different platforms and devices.
