IP Indoor Camera Arenti IN1Q Wi-Fi 4MP 2.5K

### Arenti IN1Q WiFi 4MP 2.5K indoor IP camera

The Arenti IN1Q indoor camera is an ideal solution for parents of young children, pet owners and for people who want to know what's going on at home while they're away. With 4MP UHD quality and an advanced infrared sensor, the camera provides images rich in detail even in low-light conditions. What's more, it supports two-way audio and voice assistants, and a dedicated app makes it easy to use.

### Voice control

The Arenti IN1Q camera is a smart device that gives you full control over your surroundings. With compatibility with Amazon Alexa and Google Assistant, you can conveniently use voice functions to monitor your home with Echo Show and Home Hub devices.

### Stay up to date

Convenience and flexibility of use are key features of the Arenti IN1Q camera. Two-way audio allows you to communicate with your pet, while dynamic motion and sound detection and in-app notifications give you the peace of mind that you'll always be up-to-date on what's happening in your home.

### Convenient recording

You don't have to worry about lack of storage space for your saved recordings - the Arenti IN1Q camera offers two video storage options:

it supports SD memory cards up to 128 GB (not included) and allows you to save your recordings to the cloud (for 3 months for free). This ensures that you won't miss any important event.
