IP Indoor Camera Arenti P2Q Wi-Fi 5G 4MP 2.5K

Ref: 6974935720200

Arenti P2Q WiFi 5G 4MP 2.5K indoor IP camera

The Arenti P2Q indoor camera is a state-of-the-art solution for those who need full control over their home and the safety of their pets. Thanks to its 4MP UHD 2K image quality and advanced sensor, the camera guarantees detailed and clear images, even in low light conditions. No matter the time of day, you are assured that your home and pets are taken care of.

Everything under control

The Arenti P2Q camera is not just a monitoring tool - it's also a smart device that puts you in control of every aspect of your environment. With 360° motion tracking and two-way audio, you can communicate directly with your pet, even when you're far away.

Stable connection and simple operation

The 2.4G and 5.8G WIFI connectivity ensures a stable connection and the ability to view the video on both the mobile app and the website. In addition, a built-in timer allows you to schedule the camera to turn on or off at a time of your choosing, providing flexibility and convenience.

User-friendly

Features such as alerts when sound or motion is detected and private mode put you in full control of the situation in your home,

wherever you are. Various mounting options - from attaching to the wall or ceiling to placing on a surface of your choice - give you the flexibility to position the camera according to your needs.

Convenient recording of recordings

You don't have to worry about a lack of storage space for your recordings - the Arenti P2Q camera offers the option to save to a micro SD memory card or to the AWS cloud, ensuring secure storage of your important data.
