TWS TrueAir 2 SoundPeats earphones

Recover the magic of music and listen to previously unseen accents with True Air 2. These wireless earphones feature the latest Qualcomm chipset and useful Bluetooth functionality for the best quality and comfort in your daily use. Dual microphone and noise cancellation ensure that your interlocutors hear every word perfectly, without any interference. Connect to your smartphone in an instant and enjoy an extremely long and efficient earphone experience.

Fast and stable connection

Forget about any signal interruptions, as the use of the latest generation Qualcomm module and Bluetooth version 5.2 allows for lightning-fast pairing speeds between the earphones and compatible devices. What's more, the innovative TrueWireless Mirroring technology is responsible for effectively reducing power consumption and also guarantees an independent and secure connection.

Crystal clear sound

The AAC and Qualcomm aptX™ codecs provide clear and crisp wireless audio on all iPhone and Android devices. TrueAir 2 also feature low latency, resulting in high-quality sound with no distortion. Deliver an unforgettable immersive experience and enjoy your favorite songs and richly detailed audio.

Smooth communication

Modern earphones allow you to talk on the phone, even while riding home on a crowded bus. The built-in dual microphone uses the CVC system that minimizes annoying noises. With this solution, you can be sure that the rest of your interlocutors will hear your voice clearly and well. Get unlimited freedom to make calls in any situation.

Durable battery

TrueAir 2 offer up to 5 hours of continuous music playback on a single full charge. Plus, the included charging case extends that time by up to 20 additional hours and lets you take your earphones with you almost anywhere. Ensure your regular use of the accessory is made much easier by the wireless charging capability.

Style and ergonomic design

The compact size combined with light weight is a successful combination that is sure to cause no problems in transportation and will not take up much space in your backpack or handbag. TrueAir 2's well-thought-out design is able to adapt to different types of ear shapes without causing discomfort. Choose from three available color options and raise your standard with the comfortable Soundpeats earphones.
