

Naturehike D03 spliceable self-inflating matt Dark Grey NH20

Ref: 6927595711491

Naturehike D03 spliceable self-inflating matt Dark Grey NH20DZ003

Self-Inflating Mat With Connectivity Naturehike Dark Grey D03 NH20DZ003.

Enjoy comfort in all conditions! The Naturehike D03 self-inflating mat is a reliable solution for those looking for a comfortable place to sleep while camping and outdoor adventures. The 5 cm thickness and perforated foam layer provide excellent thermal insulation and comfort. The Pongee fabric top layer is pleasant to the touch and resistant to wear and tear, while the PVC bottom layer provides extra protection from moisture.

Easy to use and transport

The mat is equipped with an automatic inflation system, which is activated by unscrewing the air nozzle. An additional nozzle allows even faster inflation and deflation, making the mat easy to use. When folded, the mat has compact dimensions (19 x 33 cm) and weighs just 1.85 kg, making it easy to carry and store.

Functionality and convenience

Naturehike D03 is equipped with snaps that allow it to be combined with other mats to create a larger sleeping area. This is a practical solution for couples and groups who want to stay close while sleeping, while providing individual comfort. The mat is ideal for camping, hiking and other outdoor excursions.
