

## Lens Guard Puluz For Insta360 X3

Lens Guard Puluz For Insta360 X3

Ref: 5906168435591

### Puluz Lens Cover for Insta360 X3

Provide your Insta360 X3 camera with reliable protection with the Puluz lens cover. Made of the highest quality tempered glass - it will protect the lens of your device from damage, while maintaining excellent image quality. At the same time, the accessory is very easy to install.

### Durable tempered glass

The Puluz lens protector is made of optical tempered glass with a hardness of 9H, which ensures resistance to scratches, drops and dust. The accessory will protect the camera lens from any mechanical damage, so you don't have to worry about its condition during intensive use.

### High light transmission

The material used in the production of the shield is characterized by a light transmittance of 92%, and an additional layer of AR coating increases this value up to 99%. As a result, the shield does not affect the quality of photos or recordings, providing a natural and clear image.

### Waterproof coating

The Puluz lens hood has been coated with a waterproof coating, which ensures that no drops of water remain on the surface of the lens. This allows you to record freely even in rainy conditions without worrying about image quality.

#### Compatible with metal frames

The Puluz protective cover is compatible with metal frames on the market, allowing it to be used simultaneously with other protective accessories. This is an added advantage that provides full protection for your camera.

#### Included

Lens cover x2 Double-sided adhesive tape x4 Lens cloth Triangular undermount tool Alcohol soaked wipe x2
