

## Emergency Radio Flashlight Nextool Leiyin Lite NE20236

Emergency Radio Flashlight Nextool Leiyin Lite NE20236

Ref: 6973907631407

### Leiyin Lite Emergency Radio NE20236

The Leiyin Lite NE20236 is a state-of-the-art emergency radio equipped with a multi-mode flashlight, making it an ideal tool for emergency situations. The device offers three flashlight modes: High, Low and Strobe, allowing you to adjust the light intensity to suit your current needs. The High mode provides 100 lumens, allowing it to illuminate an area of up to 65 meters, while the Low mode offers 15 lumens and a range of up to 28 meters, which is ideal for saving energy.

### Reliable source of information

The Leiyin Lite NE20236 emergency radio is capable of receiving FM stations in the 64 MHz to 108 MHz range, so you can stay up to date with the latest news and announcements in emergency situations. The compact design and lightweight construction (157 g) make the device easy to carry and use in a variety of conditions.

### Audible alarm

The device is equipped with a loud audible alarm of at least 90 dB, allowing you to quickly draw the attention of your surroundings in emergency situations. Such functionality is particularly useful in the event that help needs to be summoned.

### Waterproof and rugged

The Leiyin Lite NE20236 is distinguished by its IPX4 water resistance rating, which means it is splash and rain resistant. The main housing is made of durable ABS plastic, which ensures resistance to mechanical damage and long-term use.

#### Long operating time and fast charging

The emergency radio is powered by a 950 mAh lithium battery, which allows for long-term use. In High mode, the flashlight can operate for 4 hours, in Low mode for 13 hours, and in Strobe mode for 4.5 hours. Charging is done via a USB-C port and takes about 1.5 hours, ensuring that the device is quickly ready for reuse.

Manufacturer: Nextool  
Model: NE20236  
Output: High: 100 lm, Low: 15 lm  
Operating time: High: 4 h, Low: 13 h, Strobe: 4,5 h  
Max beam range: High:  $\geq 65$  m, Low:  $\geq 28$  m  
Dimensions: 126x50x40 mm  
Weight: 157 g  $\pm$  5 g  
Radio: FM 64 MHz ~ 108 MHz  
Alarm: Audible,  $\geq 90$  dB  
Waterproof: IPX4  
Main material: ABS  
Rechargeable battery: Lithium 950 mAh (3.7 V, 3.515 Wh)  
Charging: USB-C, charging time about 1.5 hr  
Speaker: 3 W 4  $\Omega$
