Quick Release Base Mount PULUZ For Insta360 GO3 (ABS)

PULUZ quick release mount for Insta360 GO 3/ GO 3S (abs)

Provide your Insta360 GO 3/ GO 3S camera with a secure and stable mount with the PULUZ quick release mount. Made of durable ABS, aluminum alloy and silicone - it will ensure secure mounting of your device even in the most dynamic conditions. In addition, its compact design and universal interfaces make it an ideal accessory for any filming enthusiast.

Robust design and secure mounting

The PULUZ mount is made of high-quality materials, which ensures its durability and reliability. Moreover, the aluminum latch with a stop ensures that the camera will not be accidentally knocked down, even in dynamic conditions. In addition, the base of the accessory is equipped with a strong magnet, which allows you to fix the device stably and securely.

Anti-slip and shock-absorbing design

The silicone gasket provides anti-slip and shock-absorbing properties, which further protects the camera from shocks and offers recording stability. This is especially important for achieving smooth and professional shots regardless of conditions.

Additional capabilities

The PULUZ mount additionally offers a 1/4-inch interface and a sports camera mount, so you can easily adapt it to different filming

needs. You can easily mount it on a variety of tripods, selfie sticks or adapters.
