GravaStar Sirius P5 TWS Earbuds Defense Armor V2

Gravastar Sirius P5 TWS wireless headphones (gray)

Experience a revolution in the sound category. Gravastar Sirius P5 TWS wireless headphones feature a unique cyberpunk design - feel free to change the outer shell of the charging case and test a variety of styles. Dynamic 12mm drivers provide crystal clear sound and deep bass. With Bluetooth 5.2 and the aptX codec, you'll enjoy a stable connection and excellent audio quality. The gaming mode is sure to be appreciated by gaming enthusiasts, and the microphones with noise cancellation technology allow you to make phone calls anywhere. The long operating time (up to 40 hours with charging case) and IPX4 water resistance allow you to enjoy your favorite songs in any situation.

Delightful sound

The Gravastar Sirius P5 headphones use dynamic 12mm drivers for exceptional sound quality. Get ready for a sound full of details, enriched with deep and powerful bass. The equipment provides an unforgettable experience regardless of your preferred music genre - from rock to pop to classical. Support for the aptX codec makes the audio quality comparable to that of a recording studio.

Something for gamers

The gaming mode reduces latency to just 48 ms, ensuring precise synchronization of sound and image. This ensures that every action in the game is instantly reproduced in the audio, making it easier to gain an advantage over your opponents. When the game is over, you

can easily switch to Music mode and behave with top-quality sound!

Distortion-free conversations

Integrated microphones with noise cancellation technology make every word clearly audible, even in noisy environments. Using the Gravastar Sirius P5 headphones, you can freely make phone calls or video conferences.

Stable Bluetooth 5.2 connection

The Sirius P5 is equipped with a Qualcomm 4036 chipset, which together with Bluetooth 5.2 technology guarantees a stable and reliable wireless connection. The range of up to 10 meters from the device allows you to move freely without losing the signal.

All day in your favorite rhythms

One charge lets you listen to music for up to 8 hours. The charging case allows you to extend this time to as much as 40 hours. With the Gravastar Sirius P5, you can go on the road without worrying about the headphones discharging at the least opportune moment.

IPX4 water resistance

IPX4-compliant water and sweat resistance allows you to use Gravastar headphones even during intense workouts or rainy days. You don't have to worry about moisture damaging your headphones - Sirius P5 are ready for any conditions!
