

GravaStar Delta35 35W GaN Fast Charger Dawn White

GravaStar Delta35 35W GaN Fast Charger Dawn White

Ref: 6972448921688

GravaStar Delta35 35W GaN charger (white)

The GravaStar Delta35 is a GaN (gallium nitride) charger that combines powerful power with a compact design to charge devices quickly and efficiently. Its two USB-C ports provide a wide range of compatibility, allowing you to charge a variety of devices simultaneously. Its futuristic white casing resembles a small robot, which is sure to delight modern design enthusiasts.

Charging without compromise

With the GravaStar Delta35, charging becomes easier than ever before. The charger offers a power output of 35 watts, which ensures extremely efficient charging of your devices. It features two USB-C ports that allow you to charge a variety of devices simultaneously. This means you no longer have to choose which device to charge first!

Advanced GaN technology

Thanks to GaN technology, the Delta35 not only offers impressive power, but also provides extremely efficient charging, reducing energy loss and limiting overheating during heavy use. What's more, GaN allows the charger to remain compact despite its impressive charging power.

Safety first

Using the Delta35 charger, you can rest assured that your devices are in good hands! Built-in protections reliably guard against overvoltage, overcurrent, overheating and short circuits, providing comprehensive protection against potential damage.
