Speaker HiFuture Music Box Bluetooth + 2 microphones (silver)

Ref: 6972576181398

HiFuture Music Box Bluetooth Speaker + 2 microphones (silver).

Rock any party with the HiFuture Music Box speaker. This portable device boasts an output power of up to 100 watts and delivers fantastic sound quality. It's also equipped with a 12,000 mAh rechargeable battery, so it features a long runtime and can act as a powerbank. You'll also find two additional microphones included, which will come in handy at karaoke events, for example. The speaker also allows live broadcasting and recording.

Experience exceptional sound quality

Despite its portable design, the Music Box speaker offers powerful, stunning sound. It is equipped with 2 tweeters and 2 woofers to deliver ear-pleasing treble and deep, crisp bass. Its added advantage is a 100-watt output power, so you can enjoy loud music playback without sacrificing quality.

Powerful battery

With HiFuture, the fun won't end too soon. The Music Box speaker has a powerful 12,000 mAh battery built-in, so it can play music for about 4.5-15 hours on a single charge. The device will also work well as a powerbank - use it to easily charge your phone and stay connected no matter the situation!

2 microphones included

Do you like to sing? Do you often arrange karaoke parties with friends? The Music Box speaker is for you! The set includes two microphones, so you can freely present your singing skills. What's more, the device will also work well for phone calls.

Portable design

Home, a party at the beach or a barbecue with friends - the Music Box speaker will prove itself in these and many other situations! The device features a small, portable design - it weighs only 2.58 kg, and its dimensions are 230 x 100 x 182.75 mm. So you can easily take it with you almost anywhere! Its additional advantage is colorful RGB backlighting, which gives it a stylish, modern character. Now you can easily take care of an unforgettable atmosphere during the party! It also comes with a shoulder strap that makes it easy to transport the speaker.

Multiple connectivity options

You will connect with the Music Box speaker in many ways. The device offers ports such as Aux and USB-A, for example, and comes with a TF card slot. You can also pair it wirelessly - via Bluetooth. It's also possible to connect two speakers together - this way you'll ensure an even more interesting musical experience!

Several playback modes to choose from

The speaker supports several EQ modes, so you can adjust the sound to your expectations. The available options are Balance, 3D and Bass. Check which one you like best, and highlight the most interesting in your favorite songs! To change the mode, just press the appropriate button.
