Acefast E18 15W 3-in-1 Wireless Charger (metallic gray)

Acefast E18 is a wireless charger with a maximum output power of 15W, which allows you to charge your smartphone, TWS headphones and smartwatch simultaneously. Thanks to its solid PC material construction, the product is durable, and thanks to its clever design, it won't take up much space on your desk.

Convenient wireless charging

The Acefast E18 charger can wirelessly charge three devices at the same time - a smartphone, a smartwatch and TWS headphones, making it extremely functional and convenient. The innovative adjustable design allows you to adjust the angle of the charging base within 60°, and additionally allows you to rotate your phone within 360°, providing versatility and full comfort. Compatibility with all iPhone models with wireless charging makes the Acefast E18 an excellent choice for those who value convenience and high-tech solutions.
