

## IP Indoor Camera ZOSI C518 WiFi 5G 3MP with 32GB microSD card

Ref: 6941709234799

IP Indoor Camera ZOSI C518 WiFi 5G 3MP with 32GB microSD card

ZOSI C518 WiFi 5G 3MP indoor IP camera + 32GB microSD card

Meet the ZOSI C518 indoor IP camera, which offers clear 3MP images, advanced smart detection features and easy operation. With it, you can easily take care of the full security of your home. In addition, the night mode and wide viewing angle make ZOSI C518 deliver excellent visibility regardless of the conditions. In addition, you get a 32GB microSD card and free access to the cloud for 30 days where you can save recordings.

Clear images day and night

The ZOSI C518 uses a 3MP sensor and a 1/2.7" CMOS sensor with progressive scanning, which guarantees clear images. An F2.0 lens with a 95-degree horizontal viewing angle and ICR technology allow the camera to switch between day and night modes, providing nighttime visibility of up to 10 meters. In addition, built-in infrared light with a wavelength of 850 nm and a minimum illumination of 0.012 lux. in color mode ensure excellent image quality even in low-light conditions.

Guarding the security of your home

The camera offers dual video transmission: main (2304x1296) and slave (D1 640x360) for optimal image quality. Automatic white balance, 3D digital noise reduction and wide dynamic range guarantee clear and detailed images. On the other hand, backlight compensation and strong light attenuation ensure excellent image reproduction in various lighting conditions.

### Smart features for convenient operation

The ZOSI C518 camera supports intelligent detection of motion, people and vehicles, which enhances security. With a built-in microphone and speaker, two-way audio communication is possible. Support for IPV4 DHCP, ONVIF, TCPIIP, NTP, RTSP, P2P protocols and the free ZOSI Smart app for Android and iOS make it easy to remotely control and monitor in real time.
