Wall charger Aukey PA-B7S, 1xUSB-A, 3xUSB-C, 100W GaN (black)

Aukey PA-B7S, 1xUSB-A, 3xUSB-C, 100W GaN Power Charger (black).

The Aukey PA-B7S charger is an advanced device that offers exceptional power and versatility, allowing you to charge up to four devices simultaneously. Equipped with GaN technology, it provides fast and safe charging with minimal size, making it ideal for use both at home and on the go.

Revolutionary GaN III chip

The Aukey PA-B7S uses the latest GaN III technology, which increases energy conversion efficiency and significantly reduces the size of the device compared to traditional chargers. This makes it compact, lightweight and easy to carry.

100W power for fast charging

The charger offers an impressive 100W of power for fast charging of even the most demanding devices, such as laptops. This means you can charge your laptop in the blink of an eye, which is extremely useful when you need to get back to work quickly.

Dynamic Detection Technology

Dynamic Detection intelligently adjusts power distribution to the connected devices, ensuring the optimal and safest charging. Whether you're charging one or several devices at the same time, our product will automatically adjust the power to their needs.

Support for different charging standards

The Aukey PA-B7S charger supports a wide range of fast charging standards, including Apple 2.4A, Samsung 5V 2A, Samsung AFC, Huawei FCP, SCP, QC 2.0, QC 3.0, QC 4.0+, PD 3.0 and PPS. So you can charge virtually any device in a surprisingly short time.

Safety first

With a built-in USB-IF Association-certified chip that complies with the PD3.0 protocol, the charger ensures the highest level of safety during fast charging. Integrated safety features protect against overheating, overloading, overvoltage and short circuits, giving you peace of mind.

Capable of charging four devices simultaneously

With three USB-C ports and one USB-A port, the Aukey PA-B7S charger allows you to charge four devices simultaneously. This means you can charge your phone, laptop, tablet and headphones simultaneously, eliminating the need for multiple chargers.
