

Cable USB-C to USB-C Mcdodo CA-3361, 65W, 1.8m (black)

Ref: 6921002633611

Cable USB-C to USB-C Mcdodo CA-3361, 65W, 1.8m (black)

Mcdodo CA-3361 USB-C to USB-C cable, 65W, 1.8m (black).

The Mcdodo cable will allow you to renew your device's power in no time with PD65W fast charging support. In turn, the angled design allows you to comfortably work, play, watch videos or use car navigation while charging. The product works with devices with a USB-C port, including hardware from Apple, Samsung, Xiaomi, Nintendo Switch, etc. You can also use it to transfer files, and an LED indicator will let you know the status of the product's operation.

Fast charging and data transfer

Mcdodo CA-3361 supports the PD65W fast charging protocol, so it will charge a 16" MacBook Pro in about 2 h and an 11" iPad Pro in about 2.5 h. In addition, MSC technology and a built-in chip ensure fast yet safe charging. In addition, the cable allows you to transfer files at speeds of up to 480 Mbps - you can also charge your equipment and copy data at the same time.

Durable construction

The cable is finished with nylon, which translates into durability. In addition, the copper core features low power consumption and better conductivity to optimize the charging speed of your devices. The product has also passed a number of durability tests and is resistant to bending and pulling.
