Colmi C63 Smartwatch (Blue)

The Colmi C63 smartwatch offers plenty of useful features that will make it great for everyday use. It will not only notify you of incoming messages, but also allow you to make phone calls via Bluetooth. It will also help you take care of your health - it monitors your blood glucose levels, measures your heart rate and blood pressure, and even lets you take an EKG measurement. You can also choose from more than 130 sports modes - you're sure to find something for you. Convenient operation of the smartwatch is enabled by a 2.01-inch HD touchscreen.

Take care of your health

Keep your hand on the pulse and gain the ability to react quickly to worrying symptoms. The smartwatch can take an ECG measurement and assess the health of your heart based on this - you can find all the necessary information in the app. The C63 also measures blood glucose levels. There is also a function for monitoring heart rate, sleep, blood pressure and SpO2. The device also prompts you to perform relaxing breathing exercises - use this feature to relax.

Stay connected

You no longer have to worry about missing something important. The C63 smartwatch will instantly notify you of incoming messages - now you have everything at your fingertips. The device also allows you to make phone calls - no need to reach for your smartphone

every time. Advanced AM acoustic technology and built-in speakers provide great sound quality - so you can be sure that you and your caller will hear each other without any problems.

#### Large display

Enjoy convenient operation of your smartwatch. The C63 is equipped with a large 2.01" touchscreen display with 240x296p resolution. It provides a bright, clear image in almost any conditions - making everything perfectly readable. You can also customize its appearance to your liking - you can choose from more than 100 original dial designs.

#### Even more possibilities

The smartwatch offers a voice assistant function - now you only need a few words to, for example, call a friend, locate your phone or learn the route to a selected place. Among other things, the device also allows you to check the weather, use the calculator, control the music player and much more. The possibilities are truly vast - Colmi C63 is a personal assistant on your wrist!

#### More than 130 sports modes to choose from

Do you lead an active lifestyle? Or are you just starting your adventure with workouts? The Colmi C63 smartwatch will also come in handy in such situations! The device allows you to choose from more than 130 sports modes, such as running, cycling, yoga, HIIT or climbing, for example. Bet on your favorite sport or try something new! Now you can conveniently track your progress and get better and better results.

#### Tailored to you

The smartwatch is very light and comfortable - it weighs only 40 g, so you can wear it for a long time without worrying about discomfort. The device is equipped with a silicone strap, which is skin-friendly, pleasant to the touch and easy to clean. The C63 is also distinguished by its IP68 water resistance - you don't have to take it off your wrist when it rains or you want to wash your hands.

#### Long runtime

Forget about the need to charge your smartwatch frequently. Colmi C63 is equipped with a powerful battery with a capacity of 280 mAh. With ordinary daily use, the device can serve you for up to 5-7 days! Convenient charging of the watch is made possible by the included magnetic cable.
