Cold Shoe Extension Bracket PULUZ for Insta360 X2 / X3 / X4

PULUZ cold foot mount for Insta360 X2 / X3 / X4

The PULUZ cold shoe mount for Insta360 X2 / X3 / X4 is a reliable accessory that enhances the functionality of your camera. The cold shoe interface allows you to connect external accessories such as backlights, microphones and more. The mount also has a specially designed hole on the bottom, allowing you to connect a 1/4 selfie stick, tripod and other accessories. The aluminum used is known for its resistance to corrosion and damage, which means the mount will last a long time, regardless of the working conditions.
