

Pro card reader FREEWELL CF A/B, SD, TF

Ref: 6972971865176

Pro card reader FREEWELL CF A/B, SD, TF

Freewell Pro CF A/B, SD, TF memory card reader

The Freewell Duo Reader effortlessly reads CF Express A and B, UHS-I and II SD cards, including SDXC, SDHC and micro SD, meeting a wide range of photography and video recording needs. It also enables data transfer and is compatible with a range of different devices. It also allows you to read data from 2 cards simultaneously on the device of your choice.

Fast data transfer

The Type-C port allows you to quickly transfer data to smartphones and tablets without installing additional applications, and compatibility with USB 3.2 GEN 1 and 2 provides speeds of up to 10 Gbps. This allows you to transfer selected photos, documents or videos in no time. In addition, a light indicator will inform you of the device's operating status.

Compact and durable design

The reader can accompany you almost anywhere. It features a compact design and comes with a carabiner, so storing and transporting it won't be a problem for you. What's more, the use of high-quality materials, including aluminum alloy, translates into a durable product.

Accommodates multiple cards

Now you can have all your cards in one place. The reader will accommodate 1 CF Express Type A and 1 CF Express Type B card, along

with 3 SD cards (UHS-I and II), 6 micro SD cards and 2 NANO SIM slots. The Freewell Duo Reader sets a new standard for versatility, satisfying the needs of demanding users.

Wide compatibility

Freewell Duo Reader is compatible with Windows, MAC OS, Linux, Android and iPad OS - you don't have to worry about it not working with your hardware. What's more, plug-and-play makes it quick to get ready for use without installing drivers, ensuring seamless use with a variety of devices and operating systems.
