Blackview X1 Pro Smartwatch (Black).

Are you looking for a reliable smartwatch to be your everyday support? Blackview X1 Pro is the answer to your needs! It monitors your health, offering precise heart rate and saturation measurements, as well as analyzing sleep quality and stress levels. Thanks to its waterproof design, it can confidently accompany you while swimming or diving up to 10 meters deep. It allows you to choose from more than 100 sports modes, and has a battery life of up to 7 days. You will also use it to make phone calls or receive notifications from your favorite apps.

A display that impresses

The 1.39-inch screen with a resolution of 360x360 pixels provides unparalleled image sharpness and detail, making every detail incredibly clear. You can also personalize the look of your smartwatch. There are more than 100 available dial designs that you can easily change, customizing the X1 Pro for different occasions.

Healthy support every day

The Blackview X1 Pro smartwatch will help you monitor your health every day! It monitors your heart rate 24 hours a day and accurately measures your saturation, allowing you to react to unwanted symptoms in an instant. The sleep monitoring function analyzes the quality and duration of your rest, while stress level monitoring and breathing exercises support daily emotional balance. What's more, the watch

will also remind you to drink water and stand up during long sitting.

Sports versatility

With more than 100 sports modes to choose from, the Blackview X1 Pro is the perfect companion for anyone who appreciates physical activity. Whether you prefer running, swimming or fitness, with the X1 Pro you have full control over your workout and can track your progress in real time.

Energy for the week

The Blackview X1 Pro is a reliable companion for long days and activity-filled weekends! With an impressive battery life of up to 7 days with normal use and up to 30 days in standby mode, this smartwatch not only gives you complete freedom, but also the confidence to always be ready for any challenge of the day. No worries about frequent charging - enjoy uninterrupted functionality and the comfort you need to focus on what really matters!

Your personal assistant

Thanks to Bluetooth 5.0, you can freely make phone calls without taking your phone out of your pocket, using the built-in microphone and speaker. Receive notifications from your favorite apps directly on the screen, confident that you'll never miss an important message. You can also check the weather forecast, so unexpected rain won't surprise you anymore!
