Wireless Gaming Mouse Darmoshark M3s (black)

Ref: 6953460503793

Darmoshark M3s wireless gaming mouse (black)

The Darmoshark M3s wireless gaming mouse will delight professional gamers who care about reliability and precision. The PAW3395 sensor with a resolution of 26,000 DPI provides exceptional accuracy and responsiveness. With 3 ways of connectivity (Bluetooth 5.0, 2.4G, wired USB-C) and a lightweight design, the device guarantees comfort. The 500 mAh battery allows for 80 hours of use in 1K mode and up to 65 hours in 2K mode.

TTC Gold micro switches for precise clicks

The M3s mouse features TTC Gold microswitches, which have been optimized by the Darmoshark team to provide fast and precise bounce. This ensures that every click is precisely registered, resulting in better control during gameplay.

High refresh rate

The factory refresh rate of 2,000Hz significantly improves the device's performance while reducing lag in wireless mode. The ability to switch between 2K and 1K modes provides flexibility and allows you to tailor the mouse's performance to your current needs.

Programmable macros and RGB backlighting

Customize the mouse's action to suit your needs. The M3s allows for precise DPI adjustment and programmable macros. In addition, the

device offers RGB backlighting with 16 million colors and a variety of lighting effects. Now bring an interesting touch to your gaming station!

### 3 ways of connectivity

The M3s offers 3 modes of connectivity - Bluetooth 5.0, 2.4G and wired via USB-C. Switching between modes is simple and fast, allowing you to adapt the device to different situations and user preferences.

### Long runtime

With a 500 mAh battery, the Darmoshark M3s mouse provides long-lasting use. The device can run for up to 80 hours in 1K mode, and up to 65 hours in 2K mode. Focus on the game and forget about the need to charge the device frequently!

### Lightweight and ergonomic design

With a weight of about 54 g, the Darmoshark M3s mouse is one of the lightest on the market - you don't have to worry about hand fatigue during long gaming sessions! The ergonomic shape and durable design ensure comfort and stability even during the most intense gaming sessions.
