Wireless earphones TWS OTL Hello Kitty (pink)

Featuring subtle accents of the Hello Kitty motif, the OTL Wireless In-Ear Headphones will become an indispensable part of any lover's collection of the iconic cat. These lightweight headphones deliver full, rich and clear sound with deep bass, smooth mids and crystal clear highs. They offer up to 6 hours of use, and the ergonomic design will ensure maximum comfort for a long time.

High quality sound

Whether you're listening to your favorite music or engaging in emotional movie dialogues, these headphones provide an unforgettable audio experience every step of the way. With a wide frequency response of 20 Hz to 20 kHz, every note sounds extremely clear, impressing with deep bass and precise sound details.

Bluetooth 5.3 technology

The headphones use Bluetooth 5.3 technology, which not only ensures fast and stable wireless connections, but also minimizes sound lag, which is crucial when watching movies or playing games. Pairing the headphones won't be a problem - just connect them once to the device of your choice, and they'll connect to it automatically every time!

With comfort in mind

The precision-designed shape of the headphones fits perfectly to your ears, which guarantees not only stability, but also comfort in wearing them for a long time without feeling tired. Thanks to the interchangeable ear pads, you can easily adjust the headphones to your preferences for even better sound isolation. In addition, intuitive touch panels allow you to conveniently control headphone functions, such as answering calls or switching songs, without the need for a source device.

#### More time to listen to music

The headphones will surprise you with their long operating time. They provide up to 6 hours of playback on a single charge, making them perfect for longer trips. What's more, the included case allows you to renew the headphones' energy up to 3 times, which means you don't have to worry about running out of power at the least opportune moments.
