Magnetic tiles 3D Train Playmags 153 - 50 pcs set

Ref: 5906168437274

Playmags 3D magnetic train blocks 153 set of 50 pieces

Provide your child with hours of creative fun with Playmags magnetic blocks! Building spatial structures develops imagination, engineering and architectural skills, as well as math and geometry skills, so toddlers can learn through play. From now on, creating a variety of structures and vehicles becomes easy and fun! The set contains 50 pieces and is designed for children aged 3 and up.

Fun and learning in one

Playmags blocks support the development of motor skills and help to stimulate creativity. They allow children to learn basic concepts of physics, geometry and mathematics through play, while developing spatial thinking skills.

A vent for creativity

The Playmags set promotes the development of imagination and creative thinking, which helps children build self-confidence and teaches them the ability to express their ideas. With a variety of block shapes, the possibilities for creation are almost endless!

Entertainment for the whole family

The elements of the Playmags set allow you to enjoy spending time with your family and loved ones. Playing together with blocks strengthens bonds and promotes joint action. Children can play both independently and in a group, which further promotes the

development of their social skills.

Shaping technical skills

With Playmags, children can acquire basic knowledge of architecture, engineering and vehicle construction in an enjoyable way. The set includes a variety of shapes to create intricate structures, supporting the development of manual and technical skills.

Set includes:
