

Mcdodo CA-3600 USB-C to Lightning cable, auto power off, 36W

Ref: 6921002636001

Mcdodo CA-3600 USB-C to Lightning cable, auto power off, 36W, 1.2m (black)

Mcdodo CA-3600 USB-C to Lightning cable, auto power off, 36W, 1.2m (black).

The Mcdodo CA-3600 cable is the perfect choice for those looking for maximum charging performance. It offers 36W of power, and thanks to its advanced safety features, you don't have to worry about the safety of your device. The sturdy construction means that the cable will serve you well for a long time.

Charge with 36 watts of power

From today, charging will take even less time! Mcdodo CA-3600 provides support for PD protocol, and its power reaches up to 36 watts. Thanks to this, you will charge your iPhone 8-14 series up to 60% in just 30 minutes - that's up to 4 times faster compared to standard cables. What's more, a small display will inform you about the current charging power.

For the sake of safety

Don't worry about the safety of your devices. Thanks to advanced MCS technology and a built-in dual-core chip, your phone is not only charged quickly, but also safely. One core controls fast charging, while the other takes care of battery safety, giving you peace of mind every time you charge. What's more, with automatic charge detection and cyclic charging after powering off for 2 hours, you can significantly reduce battery loss and extend battery life.
