Waydoo arm mount for submarine scooter

The Waydoo shoulder mount for underwater scooter is an innovative solution that allows you to attach your Subnado to your arm or leg, freeing up your hands for other tasks. Imagine swimming underwater with full freedom of movement while being able to hold your camera, dive gear or other essential accessories. With its ergonomic design and sturdy mount, the Subnado holds securely in place for stability and comfort. The mount's size is 22.86 x 10 x 7.97 cm, and it weighs just 299 grams, making it lightweight and not adding extra weight when swimming. Whether you're a diver or simply an enthusiast for underwater adventures, the Waydoo shoulder mount opens up new possibilities for exploring the underwater world with maximum freedom.
