Mcdodo CA-3630 USB-A to USB-C cable, auto power off, PD 100W

Ref: 6921002636308

Mcdodo CA-3630 USB-A to USB-C cable, auto power off, PD 100W, 1.2m (black)

Mcdodo CA-3630 USB-A to USB-C cable, auto power off, PD 100W, 1.2m (black).
The Mcdodo CA-3630 cable is the perfect choice for those looking for maximum charging performance. It offers 100 watts of power, and thanks to its advanced safety features, you don't have to worry about the safety of your device. The sturdy construction means that the cable will serve you well for a long time.

Charge with 100 watts of power
From today, charging will take even less time! Mcdodo CA-3630 provides support for the SCP protocol, and its power reaches up to 100 watts. Thanks to this, you'll be able to charge your Huawei Honor 50 Pro to full in just 30 minutes! What's more, a small display will inform you about the current charging power.

For the sake of safety
Don't worry about the safety of your devices. Thanks to the advanced MCS technology and the built-in dual-core chip, your phone is not only charged quickly, but also safely. One core controls fast charging, while the other takes care of battery safety, giving you peace of mind every time you charge. What's more, with automatic charge detection and cyclic charging after powering off for 2 hours, you can significantly reduce battery loss and extend battery life.
