MOFII M6 Rabbit 2.4G Wireless Mouse (Pink)

The MOFII M6 Rabbit wireless mouse is the perfect solution for people who value not only high functionality, but also the aesthetics of their computer equipment. The rabbit-shaped mouse adds charm to any desk, making work more enjoyable. Thanks to the 2.4GHz wireless connection, you can enjoy freedom of movement and tidiness on your desk, without unnecessary cables.

The precision you need

The MOFII M6 Rabbit offers a DPI resolution of 1,200 for precise cursor control, making it ideal for everyday work, study and entertainment. Three buttons with a lifespan of up to 3 million clicks guarantee durability and reliability, ensuring that the mouse will last a long time.

Ergonomic design

The MOFII M6 Rabbit mouse was designed with ergonomics in mind, making it comfortable even during prolonged use. Its lightweight design (about 78 g) and compact dimensions (94.1 x 61.9 x 35.6 mm) make it fit perfectly in the hand, minimizing fatigue.

Easy installation and universal compatibility

The MOFII M6 Rabbit mouse connects to a computer using a wireless receiver that provides a stable connection within a range of 6-10

meters. It is compatible with many operating systems, including Windows 2000, Windows XP, Windows ME, Windows Vista, Windows 7/8/10, making it a versatile choice for a variety of users. Installation is quick and easy, with no need to install additional drivers.

Reliability
The MOFII M6 Rabbit is powered by two AAA alkaline batteries, ensuring a long operating time without the need for frequent battery changes. Thanks to power-saving technology, the mouse automatically goes to sleep after a period of inactivity, further extending battery life.
