Luminous waterproof dog collar with QR code Waudog size L turquoise

Luminous collar made of waterproof material with QR code for Waudog dog size L turquoise.

The Waudog waterproof collar in size L is made of Collartex material, which can withstand heavy loads and stands out for its long life. The bright color ensures good visibility during walks after dark, and the ability to glow in the dark further enhances your dog's safety. The width of the product is 25 mm, and its circumference can be adjusted from 33 to 49 cm.

QR code to take care of your pet

An address tag with a QR code allows you to quickly identify your pet and allows you to share an online profile with the most important information, such as the owner's contact and copies of medical records. If the dog is lost, the finder can scan the code to get in touch with the owner. An email notification is also sent to the caregiver with the GPS location of the scan, greatly increasing the chances of finding the pet quickly. Please note: the included code is only used as a template. The address tag can be activated at <https://animal-id.net/>.

Attention to detail

With Waudog your dog will always look stylish. The color of the collar will not fade, and the high-quality plastic fastex buckle and durable hardware ensure wearing comfort and safety. Thanks to the waterproof design, you can easily clean the accessory.
