Wheel / Exercise toy for dog Puller Maxi 30 cm.

Provide your dog with a healthy dose of daily exercise while strengthening your bond! Puller Maxi is an innovative toy designed for large and medium-sized dog breeds that engages all of your pet's muscle groups. Its diameter is 30 cm and its thickness is 8 cm. The product is suitable for such breeds as Cane corso, Rottweiler, Amstaff, American Pitbull, Malinois, German Dog and German Shepherd.

A form of activity for the whole family

One of the greatest strengths of the toy is its light weight. As a result, even children can easily engage in active time with their dog. The Puller Maxi does not leave a peculiar odor on the hands, and the material from which it is made is safe for the teeth and gums of the pet, which allows for intensive exercise without the risk of injury.

Solving behavioral problems

Regular exercise with the Puller Maxi helps solve many problems faced by dog owners. Playing with this toy reduces excessive aggression, prevents damage to household equipment and promotes obedience. The product also contributes to the prevention of musculoskeletal diseases and obesity. Three exercises with the Puller Maxi for 20 minutes are equivalent to as much as 5 km of intense running or 2 hours of training with an instructor. The toy will also work well for water games.
