

Robot Vacuum Cleaner AIRROBO P30

Robot Vacuum Cleaner AIRROBO P30

Ref: 6931705006544

AIRROBO P30 cleaning robot

Get perfectly clean floors effortlessly. The AIRROBO P30 cleaning robot combines sweeping, vacuuming and mopping functions to provide comprehensive cleaning with up to 3,000 Pa of suction power. The device also uses advanced gyroscopic navigation and effectively removes dust, pet hair and food debris from hard floors and low carpets. There are 4 levels of suction power adjustment and intelligent cleaning modes for perfect results. Thanks to its compact design, the robot easily maneuvers under furniture and reaches hard-to-reach areas, and its working time of up to 164 minutes allows it to clean large areas without interruption. Operation is facilitated by a dedicated app and compatibility with Amazon Alexa and Google Assistant.

Reliable removal of a variety of dirt

AIRROBO P30 is equipped with a brushless Nidec motor, providing suction power of up to 3,000 Pa. This effectively removes dust, pet hair, and food residue from hard floors and low carpets. It is possible to adjust the suction power (800 Pa, 1,500 Pa, 1,900 Pa and 3,000 Pa) to adjust the robot's performance to your current needs and enjoy optimal cleaning results. There are also 3 levels of water flow, guaranteeing the effect of pristine floors.

Intelligent control

The AIRROBO P30 cleaning robot supports smart control via a smartphone app and voice commands - the device is compatible with

Amazon Alexa and Google Assistant. With just a few simple steps, you can connect it to a Wi-Fi network and start cleaning without leaving home.

Advanced gyroscopic navigation

Thanks to gyroscopic navigation technology, AIRROBO P30 efficiently moves around the house using a zigzag pattern that ensures thorough and even cleaning. The robot effectively avoids obstacles. You also don't have to worry about potential falls down stairs.

Long run time and automatic charging

The 2600 mAh lithium-ion battery provides 73 to 164 minutes of continuous operation. About 6 hours are required to renew its energy.

Versatility in operation

The device offers 4 cleaning modes, such as Auto, Spot, Edge and Manual, which allow you to customize the cleaning process for different needs and surfaces. In addition, the 305 ml dust tank and 255 ml water tank allow for long-lasting vacuuming and mopping.

Quiet operation and advanced features

Thanks to advanced brushless motor technology, the noise generated by the robot has been reduced (from 53 to 70 dB). The slim design (320 x 320 x 78 mm) allows it to maneuver under furniture, low tables and in hard-to-reach places. The suction inlet is perfectly adapted to uneven surfaces, allowing the robot to eliminate even fine dust from joints.

Included:

Robot sprzątający AIRROBO P30
Charging base
Power supply
Dust container 2-in-1
Main brush
Side brush x4
Mopping unit
Mopping pad x2
HEPA filter
Cleaning brush
Remote control
User manual

Manufacturer AIRROBO
Model P30
Operation modes Auto, Spot, Edge, Manual
Suction power 800 Pa / 1500 Pa / 1900 Pa / 3000 Pa
Cleaning efficiency 99.2%
Motor type Nidec brushless
Filter type HEP
Battery type lithium-ion
Battery capacity 2600 mAh, 18650
Operating time On hard surfaces: up to 73 minutes (Powerful) / up to 92 minutes (Standard) / up to 164 minutes (Quiet); on carpets: up to 75 minutes (Powerful) / up to 86 minutes (Standard) / up to 157 minutes (Quiet)
Charging time 6 hours
Dust tank capacity 305 ml
Water tank capacity 255 ml
Volume level 53 to 70 dB
Ability to overcome obstacles yes, with a height of up to 20 mm
Suitable for Ceramic tile, marble, wooden floors, short pile carpeting
Remote control range 6 m
Power 35 W
Operating voltage 14.4 V
Dimensions 320 x 320 x 78 mm
Weight 2.84 kg
Color black
