Lention AV USB-C 11in1 Docking Station

The 11-in-1 Lention AV USB-C Docking Station is a device designed for people who need a comprehensive solution to extend the functionality of their computer. With its help, you can easily connect a variety of devices, enjoying fast data transfer, high image quality and stable Internet connection. Its slim design makes it fit easily on any desk without taking up much space.

Outstanding charging power and transfer speed

The USB-C PD port offers a maximum charging power of up to 100 watts, making it ideal for powering laptops, tablets and other power-hungry devices. This ensures that no matter how hard you work, your devices will always be ready to go. In addition, five USB 3.0 ports enable data transfer speeds of up to 5 Gbps, allowing you to transfer large files in no time.

Superior image quality

The HDMI port supports 4K@60Hz resolution for the highest image quality. Whether you are working on graphic design projects, watching movies or giving presentations, the image will always be sharp and full of detail. It's the perfect solution for those who appreciate the perfect quality of the displayed image.

Stable Internet connection

The RJ45 port offers a bandwidth of 10/100/1000 Mbps, which ensures a stable and fast Internet connection. This is especially important for office work, remote work and streaming, where connection stability is crucial. So you can rest assured that your Internet connection will be reliable and fast.

The versatility you need

The Lention docking station is designed with versatility in mind. SD and TF card slots allow for read speeds of up to 104 MB/s, which is ideal for photographers, filmmakers and other professionals working with large media files. Meanwhile, a 3.5mm audio port allows you to connect headphones or speakers for convenient music listening or chatting.
