Ref: 6977295250615

Koorui 24N5CA 23.6" 1920x1080px 75Hz monitor

The Koorui 24N5CA monitor is an ideal combination of advanced technology, excellent image quality and user comfort. It offers a Full HD 23.6" display that, with a refresh rate of 75Hz, provides smooth images, which is especially important when watching dynamic scenes in movies or playing games. Equipped with HDMI 1.4 and VGA connectors, it allows easy connection to various devices.

Unparalleled image quality

Featuring a 23.6-inch display with Full HD resolution (1920 x 1080 pixels), the Koorui 24N5CA delivers crisp and detailed images that bring any content to life. The display's 16:9 aspect ratio and 178° viewing angle ensure that images remain perfect no matter what angle you look at them from.

Vivid and natural colors

The Koorui monitor impresses with an amazing color palette, offering the depth of color and fidelity of reproduction that even the most demanding users expect. With 8-bit depth, the monitor is capable of displaying as many as 16.7 million colors, making images rich and realistic. A high static contrast ratio of 3,000:1 and a dynamic contrast ratio of 20,000,000:1 guarantee deep blacks and bright whites, making any image even more realistic.

Convenience of use and versatility

A tilt adjustment range of -5° to 20° makes it easy to adjust the monitor's position to the user's individual preference, enhancing comfort. The monitor also features universal HDMI 1.4 and VGA ports for easy connection to both modern and legacy devices.

Comfort and eye protection

The Koorui 24N5CA monitor is equipped with eye protection technology that reduces eye fatigue by minimizing screen flicker and blue light emissions. The Cinema Mode further enhances the quality of the movies you watch by automatically adjusting the picture settings to provide a near-cinematic quality.
