

GaN Mcdodo CH-8101 Pro universal UK/US/EU travel charger/ada

Ref: 6921002681032

GaN Mcdodo CH-8101 Pro universal UK/US/EU travel charger/adaptor, 100W, 2xUSB-C, USB-A (black)

GaN Mcdodo CH-8101 Pro universal UK/US/EU travel charger/adaptor, 100W, 2xUSB-C, USB-A (black)

The Mcdodo CH-8101 Pro charger offers an impressive output power of up to 100 watts to quickly charge a wide range of devices, including laptops, smartphones, tablets and Nintendo Switch. It is made of durable PC V0 material, which translates into a durable product. Its compact (82.4 × 30.6 × 57.7 mm) and lightweight (215 g) design means that transporting and storing it won't be a problem.

Fast and efficient charging

The Mcdodo CH-8101 Pro charger features two USB-C ports and one USB-A port, providing maximum flexibility for charging devices. The USB-C ports can deliver up to 100 watts of power, allowing you to quickly charge a variety of devices. The GaN technology used in the charger reduces the size of the device while providing protection against overheating.

Multifunctionality and compatibility

With a wide input voltage range of 100 to 240 V and support for fast charging protocols such as PD3.0 QC4.0 QC3.0, SCP, FCP, AFC and PE, the Mcdodo CH-8101 Pro charger is compatible with a wide range of devices, including laptops, smartphones, tablets, Nintendo Switch and Bluetooth speakers. Additional EU and UK adapters allow the charger to be used in different countries, making it an ideal travel companion.

Safety and security

The Mcdodo CH-8101 Pro charger is equipped with advanced protection features, such as protection against overheating, overvoltage, overcurrent, etc. In addition, GaN technology provides efficient heat dissipation to ensure safe and reliable charging.
